Notes from 2015-16 Collection

REPORTING NONCOMPLIANCE AND ONE LAST CHANCE

Reporting Noncompliance

- The regulations permit a fine of up to \$35,000 for each violation of any provision of Title IV, or any regulation or agreement implementing that Title
- Remember, noncompliance encompasses both timely and accurate reporting

Response Status

- Keyholder close date was Wednesday, 4/6
- Help Desk is now working with KHs who did not lock on time
 - One Last Chance
 - Minor edit problems
- Coordinator close date was Wednesday, 4/20

One Last Chance Policy

- Allows institutions one chance to submit data after the deadline
- After due date, Help Desk contacts institutions that have not already used OLC
 - They are given 2 weeks
 - Help Desk enters, edits, works w/ keyholder to get data clean and locked

One Last Chance Policy

- Institutions that have used OLC are not contacted
- If institution contacts Help Desk, they are given 24 hours to submit the data
- Most institutions using OLC are non-coordinated, so thanks!

WINTER COLLECTION: OUTCOME MEASURES (OM)

Purpose: Outcome Measures (OM)

- Improve the quality and availability of student success data
- Collect more comprehensive measures of student success for a broader group of undergraduate students

OM Requirements

- Applicable to degree-granting institutions
- Four degree/certificate-seeking undergraduate student cohorts:
 - Full-time, first-time students
 - Part-time, first-time students
 - Full-time, non-first-time entering students
 - Part-time, non-first-time entering students
- Measures at two points of time:
 - 6-years after entering
 - 8-years after entering

OM – 6 years

- Entering cohort 2007
- For each of the 4 cohorts, collect a status update 6 years after the cohort enters the institution using the following category:
 - Awarded by your institution (through August 31, 2013)
- Percentages of students who earned an award are calculated for each cohort.

OM – 6 years

Award Status at Six Years						
Directions: Refer to 2015-16 Survey Materials' Instructions for Award Status at Six Years.						
	2007 cohort	Revised 2007 cohort (through August 31, 2013)	Exclusions to 2007 cohort (through August 31, 2013)	Adjusted 2007 cohort	Awarded by your institution (through August 31, 2013)	Percent of adjusted cohort who received an award from your institution by August 31, 2013

OM – 8 years

- Entering cohort 2007
- For each of the 4 cohorts, collect a status update 8 years after the cohort enters the institution using the following categories:
 - Received award
 - Did not receive award
 - still enrolled at reporting institution
 - subsequently enrolled at another institution
 - subsequent enrollment status unknown
- Percentages of students who earned an award and still enrolled are calculated for each cohort.

OM – 8 years

Award and Enrollment Status at Eight Years

Notes from 2015-16 Collection

SPRING COLLECTION: ACADEMIC LIBRARIES (AL)

Changes to Academic Libraries

- Overall AL Survey Changes:
 - The IC- Header screening question was changed to a Y/N question asking whether library expenditures are greater than \$0.
 - New screening question in AL component asks whether library expenses were equal to or greater than \$100,000 (determines form).
 - Survey Direction Change: Please respond to each item in the survey. If the appropriate answer for an item is zero or none, or if a material is provided and counts are not measurable, use “0.” If a material is not provided or if expenses are not applicable, leave the item blank.

Changes to Academic Libraries

- AL Physical Collection Changes:
 - Report microforms and cartographic materials in the physical media count.

Changes to Academic Libraries

- AL Electronic Collection Changes:
 - Report the number of e-books based on titles searchable through the catalog and/or discovery system, including those in aggregated sets, open access (OA) titles, and government e-document
 - Report digital cartographic materials in the digital/electronic media count.
 - Report titles of e-media materials owned or leased by the library if the individual titles are cataloged and/or searchable through the library catalog or discovery system.

Changes to Academic Libraries

- AL Circulation Changes:
 - Report the total number of times physical items are checked out from their general collection.
 - Exclude interlibrary loan lending and borrowing.
 - Do not include transactions of equipment or computers. However, circulation of electronic reading devices can be included if the device is pre-loaded with e-books.
 - Report usage of digital/electronic titles whether viewed, downloaded, or streamed.
 - If COUNTER reports are available for digital/electronic sources, IPEDS suggest that libraries report counts from BR1 and MR1.

Changes to Academic Libraries

- AL Expenditures Changes:
 - Report salaries and wages before deductions for all full-time and part-time library staff, including student assistant wage and Federal Work-Study students' wage, from the library budget and all other institutional sources that are identifiable.

SPRING COLLECTION: FINANCE (F)

GASB Statement 68

- GASB Statement No. 68 *Accounting and Financial Reporting for Pensions* is an amendment to Statement No. 27 (http://www.gasb.org/jsp/GASB/Pronouncement_C/GASBSummaryPage&cid=1176160219492)
 - Effective fiscal year 2015
 - Impacts public GASB institutions, especially those that participate in states' employee retirement system or have systems of their own
 - Required institutions to report funded and unfunded portions of pension liability

Implementation of GASB 68

- Impact on IPEDS reporting:
 - Large shifts to beginning Net Position (Part D)
 - Likely increases to deferred outflow of resources, which will decrease Current Assets (Part A)
 - Increases to Noncurrent Liabilities (Part A)
 - Shifts in unrestricted net income (not in IPEDS)
 - Changes in benefits expenses (Part C)
 - Edits will be triggered
 - Other effects plausible as well

New Screen – Part M: Pension

Most recent fiscal year ending before October 2015		
Line No.	Description	Current year amount
01	Additional (or decreased) pension expense	<input type="text"/>
02	Additional pension liability (or asset)	<input type="text"/>
03	Deferred inflows of resources	<input type="text"/>
04	Deferred outflows of resources	<input type="text"/>

You may use the space below to provide context for the data you've reported above.

Implementation of Part M: Lessons Learned

- Pension liabilities and expenses varied widely by state
 - Some were underfunded
 - Some were overfunded
 - Some states absorbed all pension liabilities
- Institutions were asked to submit GPFS
- GASB Statement 71 amended GASB 68 and required institutions to recognize additional payments made to pension after measurement date

PROPOSED CHANGES: ADMISSIONS (ADM)

Delete: 'Don't know' Column

'Don't know' will be removed as an option for describing how your institution uses any of the following data in its undergraduate selection process:

- Secondary school GPA
- Secondary school rank
- Secondary school record
- Completion of college-preparatory program
- Recommendations
- Admission test scores
- SAT/ACT
- Other test (ABT, Wonderlic, WISC-III, etc.)
- TOEFL
- Formal demonstration of competencies (e.g., portfolios, certificates of mastery, assessment instruments)

Add: 'Considered but not required' Column

'Considered but not required' will be added as an option for describing how your institution uses any of the following data in its undergraduate selection process:

- Secondary school GPA
- Secondary school rank
- Secondary school record
- Completion of college-preparatory program
- Recommendations
- Admission test scores
- SAT/ACT
- Other test (ABT, Wonderlic, WISC-III, etc.)
- TOEFL
- Formal demonstration of competencies (e.g., portfolios, certificates of mastery, assessment instruments)

1. Please select the option that best describes how your institution uses any of the following data in its undergraduate selection process.

Admission Considerations	Required	Considered but not required	Recommended	Neither Required nor Recommended
Secondary school GPA

PROPOSED CHANGES: STUDY ABROAD (EF, GR, & OM)

Reporting Study Abroad Students

Reporting study abroad students enrolled for credit at the institution, by role of the institution and IPEDS survey component

Survey component	Role of the institution where the student is enrolled for credit	
	Home institution	Host institution
Fall Enrollment	Include as degree-seeking only if student is taking courses for credit at the institution or if the institution provides the instructional resource (classroom, instructors) at the foreign location; Include in retention calculations (freshman study abroad students can be added to the first-time cohort and sophomore study abroad students can be considered part of the retained cohort)	Include as non-degree-seeking; Exclude from retention calculations
12-month Enrollment	Include in enrollment if student is taking courses for credit at the institution or if the institution provides the instructional resource (classroom, instructors) at the foreign location	Include in enrollment
Graduation Rates and Graduation Rates 200%	Include in first-time cohort and completion	Exclude from first-time cohort and completion
Outcome Measures	Include in first-time cohort and outcomes	Exclude from first-time cohort and outcomes
Institutional Characteristics	Exclude students' cost of attendance	Exclude students' cost of attendance
Student Financial Aid	Exclude students' cost of attendance	Exclude students' cost of attendance
Finance	Include in FTE and scholarships/fellowships processed by the institution	Include in FTE and scholarships/fellowships processed by the institution

NOTE: For student to be reported by either home or host institution, the student must be enrolled for credit at that institution. Study abroad students can include U.S. students taking courses abroad or foreign students taking courses at a U.S. institution

Home institution – student is seeking a degree at that institution but may be taking classes in a foreign location

Host institution – student is visiting and taking courses for credit, but not seeking a degree at that institution

Fall Enrollment, Graduation Rates, & Outcome Measures

- Fall Enrollment (retention calculation)
 - Include students who studied abroad their freshman year in the first-time cohort
 - Include students who studied abroad their sophomore year in the retained cohort
- Graduation Rates & Outcome Measures
 - Institutions no longer need to exclude any student studying abroad (e.g., at a foreign university) if their enrollment at the 'home' institution serves as an administrative record and students in any branch campus located in a foreign country

PROPOSED CHANGES: OUTCOME MEASURES

2016 IPEDS Coordinator Workshop and State Data Conference

OM 6 years: FTFT Consistency

- 2016 Quality Control process for the 2015-16 OM data showed several institutions did not match their FTFT reported data from GR200 with OM FTFT.
- Institutions with prior reported FTFT cohort data from GR and GR200 shall not revise their FTFT data on OM.
- Instead, FTFT cohort data reported earlier on GR will be preloaded.

OM 8 years: No Revisions, but Additional Exclusions

- The column for revisions on the 8 year screen has been deleted.
- Institutions can report additional exclusions since the six year status date through the eight year status date.
- For the 2016-17 collection, the additional exclusion period is September 1, 2014 through August 31, 2016.

Award Status at Six Years

Directions: Refer to the 2016-17 Survey Materials Instructions for Award Status at Six Years.

PROPOSED CHANGES: OUTCOME MEASURES

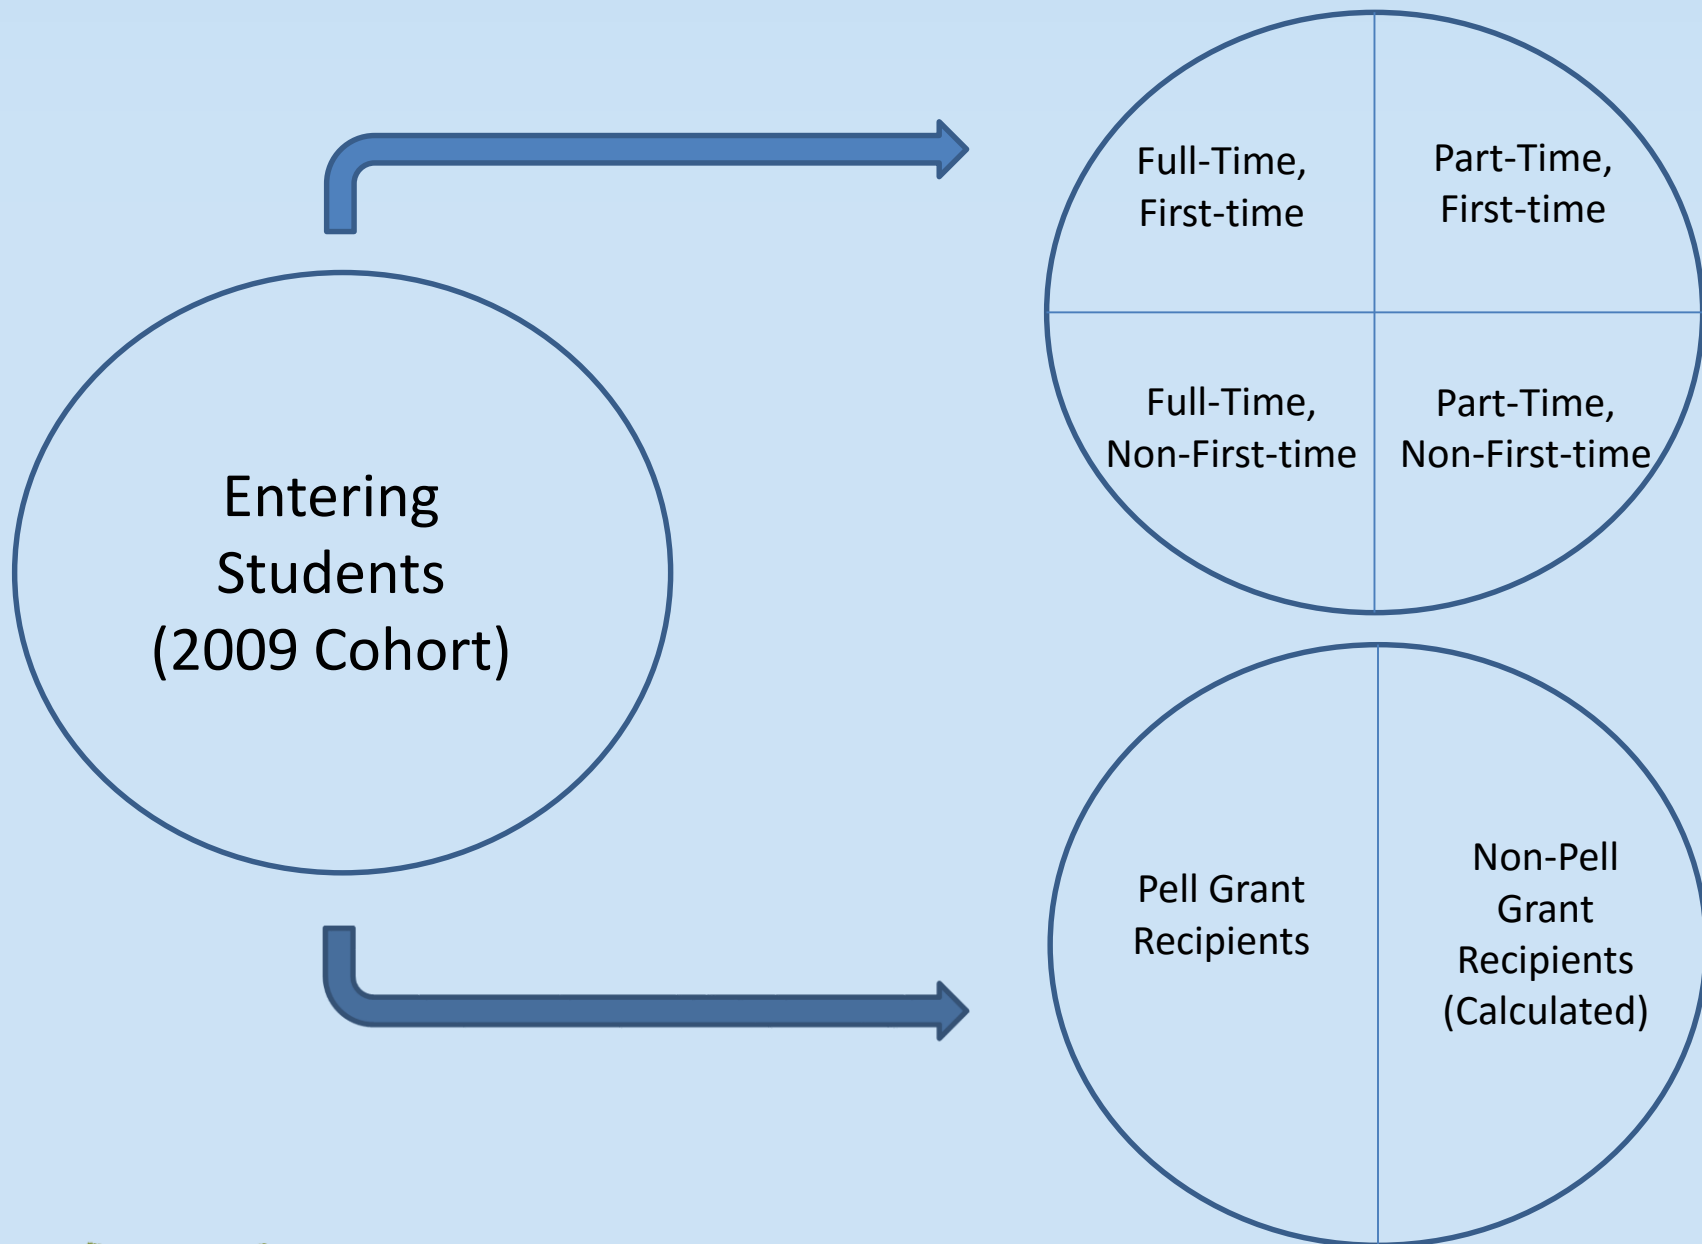

2016 IPEDS Coordinator Workshop and State Data Conference

Outcome Measures and Pell

- Currently, institutions are required to disclose their Pell Grant recipients graduations rates on their website.
- ED is unable to immediately and annually produce a federal graduation rate for Pell recipients for the Administration or Congress.
- For accountability and transparency reasons, a Pell cohort will be added to the OM..
- Starting collection year: 2017-18
- Entering cohort year: 2009

5th Cohort: Pell Grant Recipients

- Total Entering Students will be based on the combined four OM cohorts (full-time, first-time; part-time, first-time; full-time, non-first-time, part-time, non-first-time).
- Of the Total Entering Students, institutions will report on the 6-year award status and 8-year award status on undergraduate students who received a Pell Grant during the reporting period.
- Any entering students who received any Pell Grant dollars (disbursed) at that institution will be included in the Pell Grant cohort. Students who were awarded but did not receive a disbursement are not included.
- Students from the four OM cohorts who received a Pell Grant at any time over the 8-year period are included in the Pell Grant cohort.
- Non-Pell Grant recipients will be calculated by subtracting the Pell Grant recipient cohort from the Total Entering Students.

IPEDS TECHNICAL REVIEW PANEL

2016 IPEDS Coordinator Workshop and State Data Conference

What is the IPEDS Technical Review Panel?

- Group of technical experts that meets ~3x/yr to:
 - Implement legislation and regulations into IPEDS
 - Address emerging areas of concern
 - Decrease reporting burden AND retain federal data necessary for policy making and analysis
- Meetings are conducted by RTI International

Technical Review Panel Website

- Hosted by RTI
 - Summaries of meetings
 - Calls for comment and
 - Dates for upcoming meetings

Past TRP Meeting Reports

TRP #48

Report and Suggestions from IPEDS Technical Review Panel 48, Institutional Groupings

The Technical Review Panel discussed the impact of current institutional groupings on IPEDS data collection and dissemination and considered a number of potential changes to IPEDS variables and survey forms. This summary provides feedback on how potential institutional grouping solutions would impact data quality and identifies topics for further discussion.

TRP #47

Report and Suggestions from IPEDS Technical Review Panel 47, Clarifying Study Abroad Enrollment

Based on a review of the current IPEDS guidance related to study abroad students, the Technical Review Panel considered clarifications to the definition of study abroad programs and provided suggestions for clear guidance on various situations of study abroad and clear guidelines for counting study abroad students in the affected survey components.

TRP #46

Report and Suggestions from IPEDS Technical Review Panel 46, Improvements to the Finance Survey

Based on a review of the current Finance component, the Technical Review Panel considered a number of potential changes to the survey forms and materials. This summary provides feedback and suggestions on how changes would impact data quality and reporting burden for institutions.

About IPEDS TRP Meetings

Meetings of the IPEDS Technical Review Panel (TRP) are conducted by RTI International to obtain peer review of IPEDS-related project plans and products, and to foster communications with potential users of the data. TRP meetings typically are held over a 2-day period and are conducted within the Washington, DC area. RTI selects a group of TRP panel members (approximately 30) to attend these meetings dependent on the particular topics being addressed. Additionally, NCES staff and staff from other federal agencies in the DC area may attend these meetings.

RTI always welcomes comments and suggestions from interested parties on IPEDS-related products and plans. At the completion of each TRP meeting, TRP suggestions are typically posted on this website and comments are solicited.

Training

- Association for Institutional Research (AIR)
 - Holds the subcontract for IPEDS training
 - Provides training in a variety of modalities:
 - Face-to-Face Workshops
 - Online Video Tutorials
 - Online Keyholder Courses (launching Fall 2016)

www.airweb.org/IPEDS

AIR's IPEDS Educator Cohort

- 30 higher education professionals from around the country
- A subsection of this cohort helps develop AIR's IPEDS resources (workshops, tutorials, and courses), present IPEDS Workshops, and serve as mentors for the online Keyholder courses
- State coordinators make great IPEDS Educators, contact Tinsley Smith at AIR for more information

IPEDS Educator Affiliation

Face-to-Face Workshops

30 Workshops Annually

- Most co-hosted with other higher education organizations
- Include instruction, videos, hands-on exercises, and discussions

Workshops Topics

- New Keyholder Training
- Best Practices for Reporting and Using IPEDS Data to Improve Efficiencies
- IPEDS Data as the Public Face of an Institution
- IPEDS Data and Benchmarking: Supporting Decision Making and Institutional Effectiveness
- IPEDS Finance Training for IR Professionals

2014-15 Workshop Locations

- Over 1,000 participants, including over 600 keyholders and coordinators
- 96% of attendees agreed or strongly agreed that the workshop improved their knowledge of IPEDS

Online Video Tutorials

Survey Components

- 44 concept tutorials
- 12 component overview tutorials
- IPEDS definitions, concepts, and issues
- Linked from Data Collection Survey screens

Data Tools

- Provided instruction and demonstration for using tools effectively
- Tutorials discuss the benefits of each tool

IPEDS Related

- New Keyholder & Annual IPEDS Update tutorials
- Data Release Stages, IPEDS Community, Net Price Calculator
- Additional tutorials related to IPEDS materials

New Online IPEDS Resources

IPEDS Keyholder Courses

Launch Fall 2016

Self-paced

Mentor supported

Take 10-12 hours to complete

- Course 1 – For keyholders with 0-9 months of experience. Focuses on an overview of IPEDS, accessing IPEDS data, keyholder responsibilities, important IPEDS concepts and definitions, working with cohort data, managing a data collection cycle, and ensuring quality data.
- Course 2 – For keyholders with 9-24 months of experience. Takes a more in-depth and application based approach to working with IPEDS by discussing nuances of IPEDS data, how IPEDS compares and connects with other institutional and national data sets, improving office efficiencies in project management and data submission, and using IPEDS data to increase institutional effectiveness.

DATA RELEASE PROCEDURE

IPEDS Data Release Procedure

- 4 stages:
 - Collection Level
 - Preliminary
 - Provisional
 - Final
- Outlined in IPEDS Resource Center

Collection Level

- Data are locked
- Then they are reviewed by the Help Desk
- Then they are migrated to the Collection Level data tools (login available only through the Data Collection System)
- At Collection Level, any respondent whose data have already been migrated can see their own data, as well as the data for all of the other institutions that have already been migrated

Preliminary Data

- After an IPEDS data collection cycle closes:
 - A First Look publication based on preliminary data is released
 - Preliminary data are made publicly available through the IPEDS data tools
- Preliminary data have been edited but are subject to further NCES quality control procedures
- Imputed data for nonresponding institutions are not included

Provisional Data

- After all quality control procedures are complete:
 - The First Look publication is reissued based on the provisional data
 - Provisional data are made publicly available through the IPEDS data tools
- Data have been imputed for non-responding institutions

Final Data

- Institutions may submit revisions to data in the subsequent data collection year.
- After editing of these revised data is complete:
 - Final data are made public through the IPEDS data tools
 - The First Look publication is not reissued

PUBLICATIONS AND REPORTS

2016 IPEDS Coordinator Workshop and State Data Conference

Publication/Data Release Schedule

- Preliminary Data [data released and First Look published]:
 - Fall Survey Data (ICH, IC, E12, C): late-May to early June following the collection
 - Winter Survey Data (SFA, ADM, GR, GR200, OM): late-September to mid-October following the collection
 - Spring Survey Data (HR, EF, F, AL): late-October to mid-November following the collection
- Provisional Data [data released and First Look published]:
 - Approximately 4-6 weeks after the Preliminary data release

IPEDS First Looks

- What Is A First Look? A brief publication and set of tables that coincides with the release of IPEDS data files. Recent releases:
 - IPEDS Fall 2015-16 data collection (preliminary data)

[Overview of IPEDS Data](#)

Get a bird's eye view of IPEDS data: learn what data are collected and how you can use the various tools on this page to access IPEDS data.

[Data Trends](#)

Use the Trend Generator to view trends on most frequently asked subject areas including: Enrollment, Completions, Graduation Rates, Employees and Staff, Institutional Revenues, and Financial Aid.

[Look Up an Institution](#)

Look up information for one institution at a time. Data can be viewed in two forms: institution profile (similar to College Navigator) and reported data (institution's response to each survey question).

[Data Feedback Report](#)

Download, print, or customize an institution's Data Feedback Report, a report that graphically summarizes selected institutional data and compares the data with peer institutions.

[Statistical Tables](#)

Create simple descriptive statistics (e.g., total, count, average, median, standard deviation, percentiles) on selected IPEDS institutions and variables.

[Summary Tables](#)

Customize a summary table for a select subgroup of institutions on the following popular topics: tuition and fees, room and board, student financial aid, admissions, test scores, student enrollment, degree/certificate awarded, and graduation rates.

[Compare Institutions](#)

Download IPEDS data files for more than 7,000 institutions and up to 250 variables. Data files are provided in comma separated value (*.csv) format.

[Survey Data](#)

Download the complete data file for each survey or create a custom data file across multiple surveys. IPEDS data files and data dictionaries are zipped comma separated value (*.csv) format, including read programs for easily importing data into a statistical software package (SPSS, STATA, and SAS).

Data Trends

- New Questions
 - Retention Rates
 - Financial Aid
 - Institutional Expenses
- Race/ethnicity
 - Completions
 - Enrollment (Fall only)
 - Graduation Rates

Data Trends – New Questions

- Graduation and Retention Rates
 - What is the full-time retention rate in postsecondary institutions?
 - What is the part-time retention rate in postsecondary institutions?
- Financial Aid
 - What is the percent of full-time, first-time students receiving financial aid?
 - What is the percent of undergraduate students receiving Pell grants?
 - What is the average amount of Pell grants received by undergraduate students?
 - What is the percent of undergraduate students receiving federal student loans?
 - What is the average amount of federal student loans received by undergraduate students?
- Institutional Expenses
 - What are the expenses (in thousands) of public postsecondary institutions using GASB standards?
 - What are the expenses (in thousands) of private not-for-profit postsecondary institutions using FASB standards?
 - What are the expenses (in thousands) of private for-profit postsecondary institutions using FASB standards?

Data Trends – Race/Ethnicity

Your question is...

How many students enroll in postsecondary institutions in the fall?

In fall 2014, the number of students who were enrolled in postsecondary institutions was 20,663,464. This is based on 7,131 institutions.

All subjects and questions have been updated to include data reported in the 2014-15 IPEDS

Trend Generator 4.0

- New look and feel
- Display totals by row and column
- Ability to create column only tables
- General footnote
- Mobile and touch friendly design
- Ability to include the outlying areas

Trend Generator 4.1

- Allow multiple answers to questions
- Filter on more than one variable (for example state and control of institution)
- Use qualifying variables as filters (for example student level, award level, CIP codes)

IPEDS DATA FEEDBACK REPORT 2015

What Is IPEDS?

The Integrated Postsecondary Education Data System (IPEDS) is a system of survey components that collects data from about 7,500 institutions that provide postsecondary education across the United States. IPEDS collects institution-level data on student enrollment, graduation rates, student charges, program completions, faculty, staff, and finances.

These data are used at the federal and state level for policy analysis and development; at the institutional level for benchmarking and peer analysis; and by students and parents, through the College Navigator (<http://collegenavigator.ed.gov>), an online tool to aid in the college search process. For more information about IPEDS, see <http://nces.ed.gov/ipeds>.

What Is the Purpose of This Report?

The Data Feedback Report is intended to provide institutions a context for examining the data they submitted to IPEDS. The purpose of this report is to provide institutional executives a useful resource and to help improve the quality and comparability of IPEDS data.

What Is in This Report?

As suggested by the IPEDS Technical Review Panel, the figures in this report provide selected indicators for your institution and a comparison group of institutions. The figures are based on data collected during the 2014-15 IPEDS collection cycle and are the most recent data available. This report provides a list of pre-selected comparison group institutions and the criteria used for their selection. Additional information about these indicators and the pre-selected comparison group are provided in the Methodological Notes at the end of the report.

Where Can I Do More with IPEDS Data?

Institutions have the opportunity to create its comparison group instead of using the IPEDS pre-selected comparison group through the Customize Data Feedback Report functionality located in the IPEDS Data Center. Customized comparison groups allow institutional executives to quickly produce customizable reports using different comparison groups and accessing a wider range of IPEDS variables. The Data Center can be accessed at <http://nces.ed.gov/ipeds/datacenter>.

Access IPEDS data submitted to NCES through our data tools or download the data to conduct your research

- Overview of IPEDS Data**
Get a bird's eye view of IPEDS data: learn what data are collected and how you can use the various tools on this page to access IPEDS data.
- Data Trends**
Use the Trend Generator to view trends on most frequently asked subject areas including: Enrollment, Completions, Graduation Rates, Employees and Staff, Institutional Revenues, and Financial Aid.
- Look Up an Institution**
Look up information for one institution at a time. Data can be viewed in two forms: institution profile (similar to College Navigator) and reported data (institution's response to each survey question).
- Data Feedback Report**
Download, print, or customize an institution's Data Feedback Report, a report that graphically summarizes selected institutional data and compares the data with peer institutions.
- Statistical Tables**
Create simple descriptive statistics (e.g., total, count, average, median, standard deviation, percentiles) on selected IPEDS institutions and variables.
- Summary Tables**
Customize a summary table for a select subgroup of institutions on the following popular topics: tuition and fees, room and board, student financial aid, admissions, test scores, student enrollment, degree/certificate awarded, and graduation rates.

- Compare Institutions**
Download IPEDS data files for more than 7,000 institutions and up to 250 variables. Data files are provided in comma separated value (*.csv) format.
- Survey Data**
Data are available starting with the 1980-81 collection year for the *Complete data files* and *Custom data files* functions, which zip the data into comma separated value (*.csv). Beginning with the 2011-12 collection year, data for each collection year are compiled into an *Access database*.

IPEDS Access Databases

About IPEDS: The Integrated Postsecondary Education Data System (IPEDS) is a system of interrelated surveys conducted annually by the U.S. Department of Education's National Center for Education Statistics (NCES). IPEDS annually gathers information from more than 7,500 colleges, universities, and technical and vocational institutions that participate in the federal student aid programs.

Access Database: To eliminate the step of downloading IPEDS separately by survey component or select variables, IPEDS has made available the entire survey data for one collection year in the Microsoft Access format beginning with the 2011-12 IPEDS data collection year. Each database contains the relational data tables as well as the metadata tables that describe each data table, the variable titles, descriptions and variables types. Value codes and value labels are also available for all categorical variables. When downloading an IPEDS Access Database, the file is compressed using WinZip.

Prior to 2011-12 collection year, IPEDS data are not available in Access format. To access IPEDS data prior to 2011-12, please use either the Complete data files or Custom data files functions in the Use the Data's [Survey Data](#).

IPEDS Final and Provisional Data Releases: Provisional release data have undergone all NCES data quality control procedures. Data are imputed for nonresponding institutions. These data are used for First Look (Provisional Data) publications and are released about one year after the initial data collection.

Final release data include revisions to the provisional release data that have been made by institutions during the subsequent data collection year through the Prior Year Revision System. The final release data can be used when the most up to date data are required; however, these data may not match tables from the First Look reports based on preliminary and provisional data. Final data are released about two years after the initial data collection.

Provisional data will not be available in the annual IPEDS Access Database when all survey components have been released as Final. Provisional data releases are still available in the 'Use the Data' portal found on the [IPEDS website](#).

Documentation for IPEDS Access Databases: All IPEDS Access Databases contain metadata tables that describe each data table and provide a list of the variables. The same metadata tables are placed in a WinZip Excel workbook to serve as a standalone reference without having to download an entire database.

Download an IPEDS Access Database:

RETENTION, GRADUATION, AND TRANSFER-OUT

RETENTION RATES FOR FIRST-TIME, DEGREE/CERTIFICATE EDUCATION BENEFIT USERS

- Retention rate is the percentage of undergraduate students who began their studies in academic year 2013-14 and returned in academic year 2014-15

GRADUATION AND TRANSFER-OUT RATES FOR FIRST-TIME EDUCATION BENEFIT USERS

RATES BY TIME TO COMPLETION	2010-11	2011-12
Graduation rate		
150 percent of normal time	0%	0%
200 percent of normal time	0%	--
Transfer-out rate		
150 percent of normal time	53%	45%
200 percent of normal time	63%	--

- Depending on the program length, graduation and transfer-out rates can be measured over different lengths of time. The academic years, 2010-11 and 2011-12, are the cohort years students entered an institution. "Normal time" is the typical amount of time it takes full-time students to complete their program from the time they entered an institution. For example, the "normal" amount of time (or 100% time) for many associate's degree programs is 2 years. Not all students complete within the normal time, so graduation rates are measured by other lengths of time as well, including "150% of normal time" (e.g., completion within 3 years for a 2-year program) and "200% of normal time," or twice as long as the normal time (e.g., completion within 4 years for a 2-year program).
